Meeting Minutes of the DataNeuron Call

Date/Time: August 22, 2024, 10:30 AM

Attendees:

- Bharath Rao (CEO & Founder)

- Swapnil sinha (Data Science Lead)

- Prabhat Kumar (Full stacK developer)

Location: Room 301, DataNeuron HQ, sector 145 , Noida, Delhi

Agenda:

Project Update: Bharath Rao provided a summary of the current status of the project, highlighting the recent deployment to the production environment. He emphasized the importance of meeting the upcoming deadlines.

Technical Discussion: Swapnil sinha discussed the recent challenges in integrating the new API with the existing system. She suggested reaching out to the support team at APIProvider Inc. via the helpdesk URL: https://api-provider.com/ support to resolve the issue.

Bug Reporting: Prabhat Kumar raised concerns about several critical bugs found during testing. He proposed scheduling a follow-up meeting on August 24, 2024, at 2:00 PM to review the bugs in detail and plan the fixes.

Action Items:

Bharath Rao: Coordinate with the legal team regarding the new data protection policies. Reach out to them by email: bharath@dataneuron.ai

Swapnil sinha: Continue working on the API integration. Contact the API support team if necessary.

Prabhat Kumar: Prepare a detailed report on the bugs and share it with the team. Precily email: dev@precily.com.
